

## Wednesday 9<sup>th</sup> July Meeting

### What brought you here this evening?

- To deepen my understanding of the impact of the Health and Care Act on older people
- An expression of my gratitude to the Streatham High surgery for the care received
- To have an opportunity to learn more about new services
- To Learn more about new technologies being introduced in health
- To contribute to shared decision making with me becoming more responsible for actions that affect my health
- Can we explore appropriate medication for Vegans---perhaps we can invite a nutritionist to talk to us in the future
- To influence the NHS and help with the transition from a sickness service to a health service.
- To understand preventive health...what is it? ----when we take responsibility for our health
- We need more Knowledge. We need more information about medication.
- To share our learning from our recent experience of being users of healthcare
- How can we use computers, internet and notice boards to support patient participation?
